WITH REGISTERED YOGA TEACHER BEN KELLMAN

This course will include:

- ✓ Breathing exercises to help calm the mind
- ✓ Soothing full-body stretches
- ✓ Balance, strength & flexibility poses with attention to proper alignment.

About the Instructor:

Ben participated in his first Yoga class in 1975, and dabbled with it inconsistently for over 40 years. In the intervening years, he ran marathons and hundreds of other races, competed in triathlons, hiked the Presidential range regularly, biked across Iowa (twice), started teaching Spinning twice a week at Yang's in 2006, and after surgery for Melanoma, has been a rider-participant in the Pan Mass Challenge since 2008. He is a 200 hour RYT certified Yoga teacher, with an intention of sharing a strong and steady practice. One of his mentors thinks he makes a good Yoga teacher because of dealing with a lifetime of sport related injuries. His motivation, aside from an energetic and balanced (elder) life, is to teach how yoga can transform our lives, thru poses that develop strength, balance, flexibility, focus, inner calm, and the ability to accomplish what once seemed impossible. A 25-year Andover resident, Ben has two adult children and a life-partner who is also attaining her 200 hour RYT certificate.
